about us

If you are looking for a reliable service to maintain your office plants, you're in the right place. **Shaheen Flowers & Ornamental Plants Trading** is a full-service indoor plant maintenance company that can handle all of your plant care requirements - large or small.

Our services extend beyond the basic care of plants. so, if you're looking for an Plant design company which can help you plan just the right touches of nature in your office spaces, Hotels or Luxury Villas we do that too.

Our Team consists of experts having about 12 years of experience in caring the plants and design execution. Our designers can work with you to create exceptional indoor views in your corporate office. The proven psychological and physical benefits of these gorgeous views for office occupants can be quite dramatic. Many studies have demonstrated that incorporating plants into the work environment can increase employee response time in executing certain tasks, and significantly decrease worker absenteeism due to illness.

The fact that we are also an indoor plant maintenance company will serve to keep your interior plants thriving and looking their best. give us a call, and let us know how we can work with your office to provide natural living beauty in your work environment.
